Hi Denelle,

The consolidation of FS 6 and 37 is described in the FY 07/08 Capital Budget on pages V-840, 842, and detail page V-870.

Subject: RE: Public Safety Bond Measure

Hi Lisa,

Thank you for this information.

Per my memory in 1/2008 and now re-reading the memo (1/29/2008) there appears to be no mention of closing fire house 6 nor does closing the station appear in the memo to city council in 2000. I don't see any documentation that includes the discussion of this closure. I am not sure if it was part of the Fire Departments overall plan that was submitted prior to the bond?

I am assuming that perhaps the potential sell of the land and the closure of the house is a topic that has recently surfaced?

Thank you for your assistance.

Best,
Denelle
